

Interior Designer

Newington & Stamford

OFI, the region's leading provider of interior environments, seeks an experienced team player, preferably with knowledge of MillerKnoll products and specifications, to join our growing organization. We are a customer focused company, and the Designer plays a key role in ensuring the client's requirements, goals and timeframe are met. In addition to meeting with clients, preparing specifications and design documentation, the Designer visits the job site and coordinates with other OFI staff and subcontractors as needed.

Our ideal candidate will bring the following qualifications to the position:

- At least a bachelor's degree in Interior Design
- At least six years of commercial interior design experience, including experience with MillerKnoll products
- NCIDQ certification or professional state license
- Proficiency in design tool systems, such as CET, AutoCAD and 2020, as well as Microsoft Word, Excel, and Outlook

OFI provides a competitive pay and benefits package and a supportive environment where you will be rewarded for your contribution to our success.

Please send your resume and salary history to careers@myofi.com. Due to the expected volume of responses, we will not be able to consider applications which do not include salary history.
